Vines students learn fire safety from a pro  
10/01/2009

Vines EC/Pre-K students (from left: Jeremiah Kizzee, Brisa Pena, Briana DeLeon, and Marco Alfaro) stand with firefighter and author Jeff Cook after he demonstrated to students how to stay safe when a fire threatens. Cook taught all the pre-kindergarten students at Vines how to prevent fires, how their families can prepare in case of a fire, and what to do if a fire should happen to them. The students listened and demonstrated the survival procedure Stop, Drop, and Roll. Cook also read to students from the book he wrote, *Tails from the Firehouse*.
