Firefighter and author, Captain Jeff Cook, visited Smith Elementary on October 6. He read his book, "Tails from the Firehouse," to students in grades pre-k through first and shared valuable fire safety tips in an entertaining and informative way. As part of his presentation Captain Cook demonstrated how to get in and out of his fire suit, talked about the importance of having functioning smoke detectors, and had students practice the STOP, DROP, and ROLL technique. He encouraged students and their families to come up with a home fire escape plan. During his visit, Captain Cook autographed copies of his book. For more information about Captain Cook or his book, "Tails from the Firehouse," visit his web site at [www.tailsfromthefirehouse.com](http://www.tailsfromthefirehouse.com).
